Marilyn Copeland Love that truck-driver tan you’re sporting. Or are you wearing a short sleeve white t-shirt?

Gila River Box (AZ) June 5-6, 2014 Trip with Sam. 22 cfs at the put-in at Old Safford Road Bridge, 40 cfs at the take out at Dry Canyon. 105°F in Safford, but cooler on the river...somewhat. Great trip! — with Sam Fuller
Water looks drier in Arizona than other places, but the scalding hot part was right. — with Sam Fuller.
Besides the scalding hot centipedes, we also saw these deer, and just after that, a mountain lion. And beaver, turtles, black hawks, eagles, tons of song birds. Pretty amazing. — with Kate Fuller and Sam Fuller.

Elaine Snapper: Katie, I trust you will have an easier time meeting them today. Well say a little prayer for you! You have the tough job.
June 7 at 10:35am

Merle Kiefer Harper: Hope you were in the river when you saw the mountain lion! Where are you? Beautiful!
June 7 at 7:50pm

Jon Fuller: This is the Gila Box section of the Gila River, northeast of Safford. And yes, I saw the lion from the river.

Elaine Snapper: Are all three of you in kayaks today?
June 7 at 8:56pm

Jon Fuller: Hi, Elaine. We're back home today. Kate was picking us up yesterday when she had her adventure. I was paddling my canoe & Sam was in the kayak. We were on the river Thurs-Fri when we saw these three deer.

Elaine Snapper: Okay, that makes sense. Thanks, Jon. Hope you enjoyed your trip a lot.

The "rapids" were pretty boney, but fun to try and pick your way through. There was scooching. — with Sam Fuller.

A few more cliffs and riffles and we were done. Thought we heard some crazy lady screaming our names and revving a truck engine, but we ignored it and paddled down river to meet our shuttle driver.

Jon Fuller  Not sure when. Looks like San Juan, which would have been either when we canoed it the 1st time (but why are you sitting in a raft? perhaps before you road through Govt Rapid).
