

SWIMMING POOL POPULAR.

Swimming in Salt river just north of the buttes is daily gaining in popularity with residents of Tempe. Not an evening of the week passes but what from twenty to fifty enjoy the refreshing coolness of the river water. Picnic parties also add to the gaiety of times at the river occasionally, for combining an evening luncheon on the banks of the river with a good swim there is not a better pastime to be found anywhere on a summer night like those valley people are enjoying now. No doubt bathers will continue to enjoy the water even after the last rays of the setting sun have disappeared from the western horizon, as soon as the moon makes itself visible.
