THE PHOENIX SHIYARD

Its First Boat, a Suspicious Looking Vessel, Launched Yesterday.

The people that live along the lower Gila are pretty well accustomed by this time to seeing all manner of strange things drifting down on the breast of that ever surprising stream. Such odd collections as railroad bridges, ferry boats, farm houses, chicken coops, lumber yards, etc., no longer create surprise. But there was launched here yesterday something that may make their eyes bug out for it was ostensibly a house boat, though it may be a torpedo boat in disguise or some new manner of war vessel that has been constructed here on the quiet for the Russians with a view of attacking Togo’s fleet in the rear while he is busy heading off Rojestvensky’s Baltic squadron as it enters Chinese waters.

It will at the same time be a matter of news to Phoenix people to know that this city has a real ship yard and that the product of it is already in evidence.

The master mind of this shipbuilding enterprise is a Mr. Jacob Shively who came here not long ago from Ashland, Oregon. While Phoenix was standing around in open mouthed wonder, not imaging before that there was so much water in the world, Mr. Shively was engaged on plans to make some use of it. He came from a country where they have had water before and a little surplus does not bewilder them. Mr. Shively is 76 years old and therefore of sufficiently mature experience to conduct his own business without taking the whole world into his confidence or asking the advice of the village as the average man does before he starts something.

He secured space for a drydock of the Chamberlain Lumber Co. and proceeded with the construction of the keel and first deck. A second deck was contemplated at first and the fact that the plans were changed leads to the suspicion that Mr. Shively had a war ship in mind and received a change of orders from his prospective purchaser or employer, in the event the plans had been previously perfected. Anyhow it is surmised that a one decker could creep about more stealthily than a formidable appearing boat. In lieu of a second deck or a cabin, therefore, he equipped the vessel with boats for a wagon sheet which will turn Arizona hailstones, the only thing one needs armor for in these waters. When stripped for action the wagon sheet may be removed.

The boat was finished yesterday morning and the dry dock being some distance from the harbor a two horse wagon was pressed into service to assist in the launching which was accomplished without the slightest trouble. The launching was in the presence of a vast crowd of two or three men and there was no champagne wasted or other ceremony of a public character. The builder announced his intention of accompanying the crew as far at least as Yuma but he was silent concerning his later plans. There are fears in some quarters that the boat may prove to be a submarine before it leaves American waters.
**SAY BOYS**

On Saturday Only

35c D. D. Haskell Mills and Gloves for

**PINNEY & ROBINSON**

The best, finest goods on hand. 100% in quality.

**THE TYPEWRITER**

Some of the largest and most critical users of typewriters in this country, use Fox Typewriters exclusively. Here are a few of them:

- Hackworth & Co., Chicago, III.
- Paul Carey & Co., Ltd., 10 Broad, Boston.
- Regis Mfg. Co., New York, N. Y.
- C. O. Co., Rochester, Ind.
- B. G. & E. Ry., Chicago, Ill.

These people have only purchased the Fox after a most careful investigation. We would be pleased to place one in your office on free trial.

Other machines taken in part payment.

**THE PHOENIX SHIPIABD**

Lost First Loss, Captains Lossing Yacht, Launched Yesterday.

The people that live along the shores of the lake have all been grouped in small groups on the islands to see the ceremony. They have been bickered against each other, but it has not been for other cause than to see the ceremony. With the end of the ceremony, the crowd began to move and leave the islands.
